

VERSPORT

Versport offers an exceptional line of durable protective eyewear designed and manufactured to protect the eyes against impacts and injuries during the practice of any sports related activity. Made from exclusive Impact RX and Endur RX, these indestructible glasses provide unparalleled durability.

THE VERSPORT CONSUMER

Men & Women | Age: 35-60 | Size range: 55-64 (Troy) and 49-55 (Zeus DTS)

FEATURES AND BENEFITS

- Equipped with polycarbonate lenses, with or without prescription, they can prevent more than 90% of eye damages caused during sports practice.
- Must be equipped exclusively with polycarbonate or TRIVEX lenses to ensure protection and respect current regulation.
- Impact RX and Endur RX: exclusive materials based on high polymer performance.
- Security bevel edge for maximum protection.
- Flexfit: The temples are very flexible.
- Two models: Troy, and Zeus DTS.
- Nose pads: Specifically designed to protect the face while providing maximum comfort and allowing optimal ventilation, minimizing fogging on the lenses.
- All models include the patented QTEM System (Quick Twist Exchange Mechanism) for quickly swapping the temple arms with a band for a more secure fit around the head.
- An adjustable band and mini-band are included with all models.
- Size range: 55-64 (Troy) and 49-55 (Zeus DTS)
